1990 is the year of the turtle. Victimized by errant fables (The Tortoise and the Hare), tabloid journalism (Turtle Run Over—Couldn't Get Out Of Own Way) and bad PR ("He oughta come out of his shell and do something"), the turtle has embarked on a new day. It's video game time.

Turtles are mobile, hostile, and good looking. Witness the Teenage Mutant Ninjas, who fortunately came down on the side of law and order. That's a turtle for you, straight and true. To further the new look amphibian, the Maryland branch of the family tree, the Terrapin, is going to video war with the Thunder Turtles.

Larry the Leviathan. Larry Webster was second team all-ACC a year ago. A 6-5, 275 pound express to the opponent's backfield. Webster as a junior bids for first team status.

Barry the Catcher. A year ago Barry Johnson had one of the great receiving years in Maryland lore. His 43 catches for 689 yards and six TDs earned him top four rankings in all categories.

Dan the Accurate. Junior kicker Dan DeArmas is a big part of Terp kicking tradition. He is part of the 142 straight PAT string put together by Terp kickers, and his punting (41.5 avg.) and field goal kicking (11 of 16 made, long of 47 yards) are exceptional.

Glenn the Reliable. Playing with broken bones in both hands a year ago, senior linebacker Glenn Page led the Terps in tackles. He returns in the middle to serve as the heart of what could be a superior Maryland defense.

Jack the Nimble. A converted fullback with the speed to match, Jack Bradford's senior year could put him in Terp annals as one of its best outside linebackers. Maryland's flank is in good hands.

Rick the Roadblock. Situated at nose guard, senior Rick Fleece starts his third year of denying access to Terp territory. He is a big reason the defense will lead the Terrapin charge in 1990.

Overseeing the quest of the Terrapin is **Joe Krivak,** who starts his fourth season as head coach. He'll be looking for Terps who play like their, for now, more famous counterparts, the Teenage Mutant Ninjas.

All of this action—the bevy of thrills, the chance to conquer, the joy of victory, the agony of the sack—are yours in easy to buy cassettes on sale at the Cole Field House Ticket Office. Showings are on Saturday only.

The First 40 Years: Blair's Byrd Bests

No. 1 Byrd Stadium Dedication

September 30, 1950 — The Terrapins dedicated their new stadium with a memorable 35-21 win over arch-rival Navy before 43,836 fans jammed into the 35,000 seat stadium. Temporary bleachers had to be brought in to accommodate the celebration for the opening of Byrd Stadium, named after then-University President H C. "Curley" Byrd, who played for, and was later coach of, the Terrapins. Appropriately, the first touchdown in Byrd was scored by Baltimore native Jack Scarbath.

No. 2 Best Back-to-Back Wins

November 14 & 21, 1953 — You could hear a pin drop anywhere on campus as tensions built for the Terps' final two home games against Mississippi and Alabama. The Terps were looking for revenge as well as a chance for another undefeated season (see No. 3) and a national championship. For additional incentive, if the Terps needed any, the year before Maryland had its nation's longest winning streak snapped at 22 games by Ole Miss, and followed that up with a season-ending loss to Alabama. In 1953, though, it was all Maryland. The Terps shut out Ole Miss, 38-0, and Alabama, 21-0. The wins gave Maryland a 10-0 record, a bid to the Orange Bowl, and the National Championship.

No. 3 First Undefeated Season

November 24, 1951 — With a major bowl waiting for his team's final game outcome, Maryland Coach Jim Tatum had the Terps primed. Maryland defeated West Virginia, 54-7. The win brought the Red and White its first undefeated season, 9-0, in school history. After the game, No. 3 Maryland accepted an invitation to play top-ranked Tennessee in the Sugar Bowl. Maryland then finished its season undefeated with a stunning 28-13 upset win on January 1.

joe f. blair has stood off to the side on picture day for four decades. He held a helmet in 1953 when the team picture was taken for the national championship Maryland team. He hosted the Queen of England at a Byrd Stadium game in 1957. He ushered the Washington Redskins through Super Bowls as their publicist, and returned to College Park in 1983 to fill the role of Director of College Park Media Hospitality. Always he has stood off to the side, supporting players he pushed into the spotlight. In 1950 Joe Blair was on page one of the media guide as Sports Information Director; he returns in 1990 as emeritus friend and confidant to another edition of the Terps.

Welcome to Byrd

Forty years ago, Byrd Stadium was dedicated. National championships have been won there (1953), and eight ACC football titles. In the year of the turtle, the historic Terp home base will start a $17 million refurbishment. After the last home game on Oct. 13, work will move ahead to build a new football team house in the east end zone. Other improvements, like new concession areas and press box, will either be complete or well underway by the start of the 1991 season. Over the next several years, Byrd will be tranformed by a new upper deck, seating, and an indoor practice facility that will house a football field.

Before Your Visit

Credentials should be ordered from the sports information office at least two weeks before joining us for our deservedly well-known crab soup in the Byrd Box. Requests may be mailed on letter head, or like a delicatessen, we take orders by FAX. Only working press will be admitted to the press box. Non-working visitors who slip in will NOT be given front row seats.

It would be wise to make credential requests early for games like Clemson. The Memorial Stadium Press Box, where the Clemson game will be viewed from, is particularly tight.

Player Interviews may be ordered through Joe Blair, Herb Hartnett and Ivan Meltzer. They need 24 hours advance notice to arrange an interview, which is best accomplished in-person around daily practices. Student-athletes will return phone calls when requested; their phone numbers will not be distributed.

Coach Krivak may be interviewed by telephone regarding next week's game on Sunday afternoons (approximately 3:30 to 5 p.m.). He is available for in-person interviews during and after his Tuesday Noon Press Luncheons that are located in the Adult Education Building on campus, and before and after daily practices. On Wednesdays he may be heard as part of the ACC Football Teleconference, which begins at 11:00 a.m. with each league coach speaking for 10 minutes. Krivak is heard at approximately 11:40 as each coach speaks in alphabetical order by school. On Thursdays Krivak is available for interviews by telephone; the best time to contact him is Noon to 1:30 p.m.

Coach Krivak requests that the media do not try to interview student-athletes between team meetings at any time. On Fridays the best time to interview Krivak is after the short practice that occurs the day before a game.

Recorded interviews with Coach Krivak are provided for the press by University of Maryland radio station, WMUC.

Terrapin Game Day

Working press and photo credentials will be mailed when possible. Credentials that can't be mailed are available at Window Six on the south (or press box) side of Byrd Stadium. At Memorial Stadium Gate E-1 at the front of the stadium is the Will Call Window.

Press parking passes are honored in the parking garage next to Cole Field House, which is across the street from the Byrd Box. At Memorial Stadium, press parking is close to Section E-8 where the elevator to the press box is located.

The Byrd Box is located at the top of the south stands and print media are located on the second level, originating television crews and photographers on the roof. Memorial Stadium's press box is on the facing of the leftfield upper deck, and its photo box runs along the front of the booth.

Photographers will be issued arm bands at midfield behind the Maryland bench before the game. A sports information coordinator will be on the field with flips and some food.

A reminder, all media, including photographers, NO umbrellas are permitted.

Writers will be given preferential treatment when providing table space. There are telephones available to the media to transmit stories. Anyone wishing their own phone may order one from the Chesapeake & Potomac Telephone Company of Maryland (301-852-4540).

Post Game

Complete statistics will be distributed, enough to satisfy lovers of drive charts and esoteric football minutiae. Quotations from both coaches will be duplicated for those unable to hear two coaches speak in two different places at the same time.

The Play-by-Play by Jeff Rhodes breaks new ground in descriptive verbs and adjectives. He is not ready to be replaced by a computer.

Food service is available on the second level of the Byrd Box. The University Dining Service, under the direction of Matt Sheriff and Jim Allenchey, will have their crab soup for every home game, and crab cakes for the special occasion.

Post-game stats are forwarded free of charge on a FAX machine.

Post-game interviews for Maryland will be held in the Football Team Building in the northeast corner of the Byrd complex. Visiting coaches and players are available at the visitor's lockerroom which is also in the northeast corner of the stadium.

A wrap-up of the game is on the Terphone (301-314-8377).

Directions to Byrd Stadium and near-by hotels are listed on the inside back cover.

Willie Johnson's Original Crab Cake Recipe

Mr. Johnson has been making Crab Cakes at the University for over 31 years. He's proud to share his crab cuisine with Terp fans, and for anyone who wants a taste of Maryland.

4 slices of bread
1/4 lb. butter
1/4 tsp. hot sauce
1/4 tsp. dry mustard
1/2 tsp. Old Bay seasoning
1 tsp. Worcestershire Sauce
2 eggs
1 tsp. chopped parsley
2 lbs. back fin crab meat

Trim crusts from bread, and make coarsely chopped bread crumbs. Combine bread crumbs with melted butter, seasonings and ligthtly beated eggs. Carefully mix in the crab meat, but try to avoid over mixing (this will help keep large chunks of crab meat in mixture).

Form into crab cakes, and saute in butter until golden brown. Makes 12 large cakes.

Photographs are by Larry Crouse, Supervisor of Photo Services for the University; Brian Lewis; Lars Gelfan; Katie Zernhelt. Cover photos are all by Brian Lewis, whose work as a pictorical chronicler of Terp sports was exceptional. This book was printed by Colonial Lithograph (Charlie Guillette, Cathy La Salandra, Dave Redding, George Cassidy, Arthur Lyman, Roger Boucher, Paul Mendes, Michelle Pereira and Craig Jordan). It was accomplished with the considerable help of the University's Paul Mandelman.

University President

William E. Kirwan

After more than 25 years of service as a professor and administrator at the University of Maryland at College Park, Dr. William E. Kirwan was appointed president on February 1, 1989.

Dr. Kirwan has played a major role in determining the direction of Maryland as it rises to become one of the nation's best public universities. Under his leadership, it recently developed a $150 million, five-year plan to enhance College Park.

Dr. Kirwan joined the university in 1964 as an assistant professor of mathematics. He rose steadily through the faculty ranks as associate professor (1968-1972), professor (1972-present), and chair of the Department of Mathematics (1977-1981).

In 1981, he was appointed vice chancellor for academic affairs, College Park's chief academic post. From August to November 1982, Dr. Kirwan served as acting chancellor, returning to his position as vice chancellor when Dr. John Slaughter was appointed chancellor of College Park. As vice chancellor, Dr. Kirwan raised admission standards, increased the number of merit scholarships and graduate fellowships, and established an academic planning process.

Dr. Kirwan is a member of numerous honorary and professional societies, including Phi Beta Kappa, the American Mathematical Society, and the Mathematical Association of America. He is the co-editor of the book "*Advances in Complex Analysis*", and the author of many published articles on mathematical research. He served as the editor of the Proceedings of the American Mathematical Society from 1977 to 1985. Currently, he chairs the Mathematical Sciences in the Year 2000 Committee, a task force created by the National Research Council to improve mathematics education at the nation's colleges and universities during the next decade.

Born in Louisville, Kentucky on April 14, 1938, Dr. Kirwan received a bachelor's degree in mathematics from the University of Kentucky in 1960. He holds master's (1962) and Ph.D. (1964) degrees in mathematics from Rutgers University.

Dr. Kirwan and his wife, Patricia, have a son who received his bachelor's and master's degrees in architecture from College Park, and a daughter who currently is a student at the university.

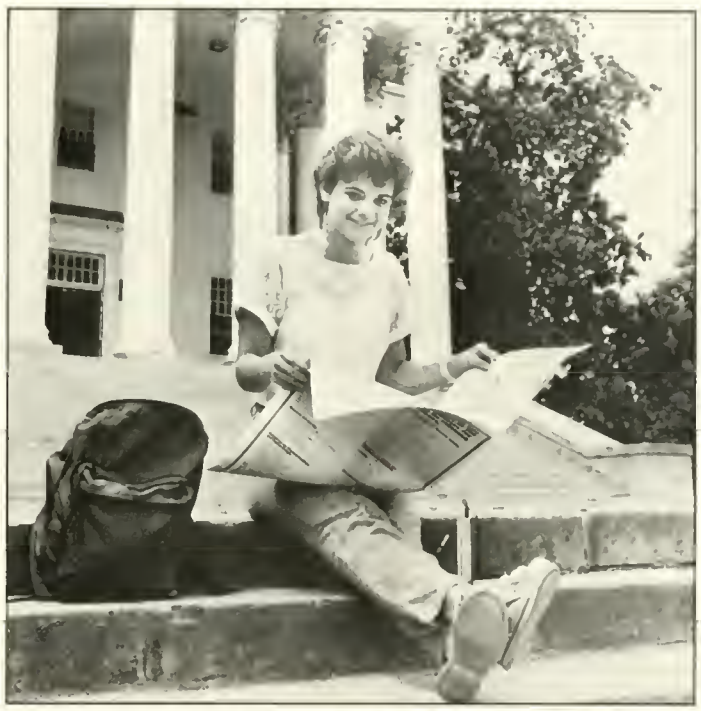
Dr. Donald N. Langenberg is the newly appointed chancellor.

President Kirwan is very much at home with the students of College Park.

The University of Maryland College Park is the cornerstone of the 11 school Maryland state system of four year colleges. Chartered in 1856, Maryland College Park is situated on a 1300 acre campus nine miles north of Washington, D.C., and in close proximity to Maryland's Capital of Annapolis and the state's largest city, Baltimore. Acres of lawns and tall shade trees accompany the 335 major buildings at Maryland College Park. It is one of the finest universities in the nation.

A charter member of the Atlantic Coast Conference, Maryland's athletic roots are in the old Southern Intercollegiate Conference that encompassed schools from the Deep South north to Maryland.

After that conference split up in 1932, Maryland joined with traditional Mid-Atlantic and Near South rivals to form the Southern Conference. In 1953, seven traditional rivals left that league to form the ACC. Maryland has been ACC football champions eight times.

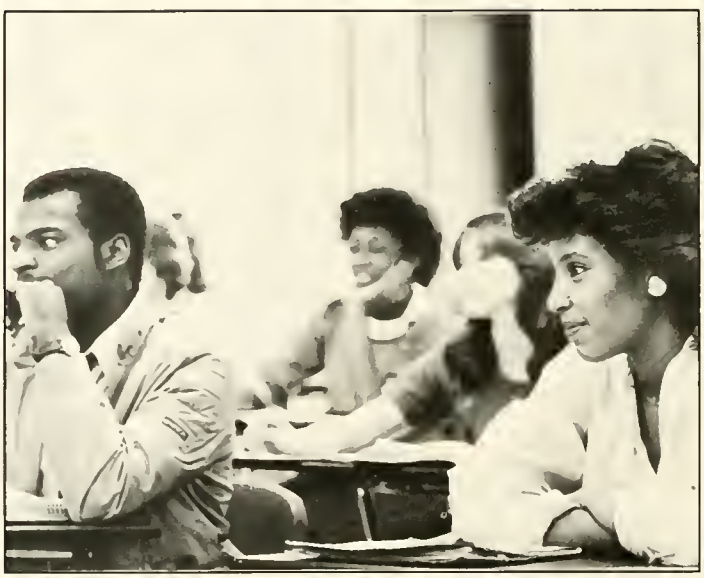


The University at College Park

From its pre-Civil War roots as the state's first agricultural college, and its designation soon after as one of America's original land grant institutions, to its officially mandated status in 1988 as the "flagship" institution of the state's 11-university system, the University of Maryland at College Park has emerged as one of the nation's foremost public institutions of higher education.

In such disciplines as engineering, computer science, physics, economics, and mathematics, College Park has attracted national and international recognition, placing it among the best of its peers. In the social sciences and humanities, in business and the arts, as well, the university has been widely acclaimed for the quality of its faculty and programs.

The 11th largest university in the United States, College Park undergraduate enrollment last year was 24,473. Its students pursue 122 majors for undergraduates and 88 programs for graduate students. Courses are taught by more than 2,000 full-time faculty, many of whom are internationally known scholars and researchers.



Over the past several years the average SAT scores of entering freshmen have soared to the highest in university history. As part of its commitment to enhancing undergraduate education, the university has reduced undergraduate enrollment, improved faculty-student ratios, raised admissions standards, revamped the honors program, strengthened advising, supported student research and encouraged numerous innovations in teaching. Along with the expanded emphasis on improving the learning environment for undergraduate students, the university has placed the highest priority on attracting more minority students and transforming the academic climate for women.

At the same time, the university attracts some of the nation's outstanding research scholars to its faculty. College Park ranks fourth in the nation in total federal research and development funding among public universities without a medical school, and the faculty has been awarded numerous Guggenheim, Sloan and Fulbright fellowships. In addition, since its' inception in 1984, the highly coveted National Science Foundation Presidential Young Investigator Award has gone to 17 younger College Park faculty members.

Home to dozens of specialized centers and institutes that focus on areas as diverse as global climate change, international security, advanced helicopter design, super computers, the ecology of the Chesapeake Bay, Renaissance and Baroque studies, and innovative approaches to systems engineering. College Park is a hub of research and academic activity for the state, the region and the nation.

It is also a leader in providing technical assistance to businesses and government agencies as well as a catalyst for technology transfer and economic development within the state. From agricultural economics and artificial intelligence to regional and urban planning and the training of tomorrow's teachers, the university is a rich source of expertise for meeting the needs of both the public and private sector.

On the eve of a new century, the University of Maryland at College Park looks forward to the year 2000 as an institution of vigor and vitality, committed to continuing its role of helping stimulate and strengthen the intellectual, economic and cultural well-being of the students and citizens it serves.

College Park Leadership

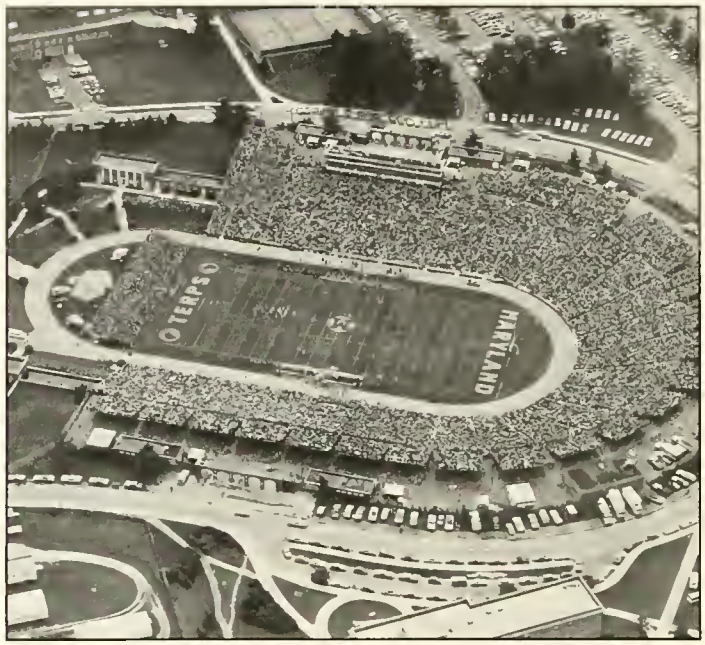
College Park is home of a variety of exceptional research facilities, including a computer vision laboratory; a full-scale low velocity wind tunnel, a 500 liter computer controlled fermentation system for research in bioprocess scale-up programs, the Center for Automation Research; and a quiescent plasma device (Q machine) for plasma research. Such major facilities as the Engineering Research Center, the Systems Research Center, and the new Center for Global Change conduct research that is especially significant to the state and nation.

In the 1990s, College Park will be the home of one of the nation's most important research facilities—the 1.7 million square-foot, $205 million Second National Archives Building. It will house more than half the collection of the National Archives Records Administration, including some of the nation's most valuable historical documents. The building will be completed by 1993.

Byrd Stadium

Dedicated in 1950, Byrd Stadium has been home to national championship football and lacrosse teams, and to 56 ACC Track and Field champions. It hosted the Queen of England at a football game in 1957, and was the stage where the fastest hurdler in history, Renaldo Nehemiah, performed his wonders. NCAA Championships in men's and women's lacrosse have been held there, and in May 1989 every attendance record for the sport was broken when over 44,000 watched the Final Four of men's lacrosse. Many of the great moments in Maryland prep school history happened there, as well as the Special Olympics and The Maryland State Games. Byrd Stadium is a Maryland tradition.

Funds are being raised through The Maryland Partnership, a matching gift program between the state and friends of Maryland Athletics, to refurbish the entire Byrd Stadium complex, including the Football Team House.



Named after Dr. H.C. Byrd, who was both a football coach and college president, the stadium was part of the enormous post-World War II expansion of the University overseen by Byrd and Dr. Wilson Elkins.

The stadium presently seats 41,000, but with temporary seating placed in the end zones and around the top of the bowl, up to 58,973 (Penn State, Nov. 1, 1975) have witnessed games there. Byrd Stadium was thought to be in the first phase of construction when it opened. Seating was to have been expanded to 92,000 seats by doubledecking the stadium and enclosing the open end of the horseshoe with seating. Today's plans at refurbishment contain no plans for expanded seating.

Terp Traditions

Testudo, a Diamondback Turtle whose name is derived from the scientific classification for turtle *(testudines),* is the mascot of the University of Maryland. Testudo's flight to become official mascot was (there is no other description) slow. But once on top, Testudo has reigned with a bronze-like grip, peering at generations of younger Terps crossing in front of, or entering, the Theodore R. McKeldin Library in the heart of the College Park campus. The 500 pound terrapin's days of roving to conquer rival campuses at the behest of the College Park student body are over, his undisturbed regal bearing insured by his being bolted to a concrete throne.

The need for a mascot was essential in the early 1920s in a world littered with Wildcats, Tigers, Devils, Wolves, Bears, and all sorts of traditional names derived from a half-century of college athletics. Maryland was consolidated from different state schools in 1920 to form the base of today's wide-ranging state system and it needed a flag-carrier to do battle with Wahoos, Lions, and Generals.

Dr. H.C. Byrd, the University President in 1922, recommended the Diamondback as mascot in response to the student newspaper's search for an "official" leader. Although his suggestion was, indeed, "official," there were some who resisted, opting for the older and historically entrenched term, Old-Liners. A label derived from the Revolutionary War when Maryland soldiers earned the accolade for bravery and perseverence in the face of British troops, Old-Liners had a more vocal lobby than the speechless turtle.

By 1935, however, the Yearbook had changed its name from Reveille to Terrapin by a vote of the student body, and save for some splintered resistance, Testudo's family had won. Newspapers, even then exploring every angle, shortened Terrapin to Terp, but Testudo by any name is still a turtle.

Samuel P. Gorham of Providence, R.I., cast Testudo in bronze at the request of the Class of 1933. He was modeled after a feisty Diamondback that came from Dr. Byrd's hometown of Crisfield. Dr. Byrd's choice of mascot was not intended to reflect the docility of Maryland teams. As a small boy near his home he surely found out what so many others have discovered about Terrapins — they bite.

Colors

The colors of the University of Maryland are those of the state flag—gold, red, black and white.

Maryland's flag bears the arms of the Calvert and Crossland families. Calvert was the family name of the Lords Baltimore who founded Maryland, and their colors of gold and black appear in the first and fourth quarters of the flag. Crossland was the family of the mother of George Calvert, first Lord Baltimore. The red and white Crossland colors, with a Greek cross terminating in the foils, appear in the second and third quarters. The flag was first flown in its present form October 25, 1888, at Gettysburg Battlefield for ceremonies dedicating monuments to Maryland regiments of the Army of the Potomac. It was offically adopted in 1904. Maryland law requires that if any ornament is affixed to the top of a flagstaff carrying the Maryland flag, the ornament must be a gold cross bottony.

Testudo

Like the long trek of Testudo to become mascot, the trip for these colors to arrive as "official" was marked by factionalism. By the post World War II years, there was disgruntlement from the press and others that Maryland's football uniforms were difficult to read, and Old Gold and Black were deemed the colors, even though red had been an official color. By the time of Coach Jim Tatum's matchless era of success, which included a National Championship in 1953, the football team was back in red. Today's Maryland football teams incorporate all the colors of the state flag, although the predominate University of Maryland "fight" color is red.

Football in College Park

Football was recognized as an official school athletic function in 1892 when Maryland in College Park was the Maryland Agricultural College. It was played as early as 1889 in an era of informality, 33 years after the Agricultural College's founding.

The following excerpt from A History of the University of Maryland concerns these times before the University in Baltimore and College Park were consolidated to form the present state system. It is written from the perspective of the University in Baltimore. "Intercollegiate athletics has facilitated the development of many academic institutions, and at Maryland the new spirit was expressed in a football yell. In 1895 a medical school student named Norfleet Gibbs organized a medical-dental-law school football team that defeated Baltimore City College twice and lost to St. John's. The uniforms were a motley array of padded clothes with the letter M painted on the shirts, but the players were immediately heroes, and for the first time the students in the various schools felt a sense of unity. Students and faculty formed an athletic association; the professors paid for real uniforms; teams of baseball, ice hockey, track and basketball appeared; and friends of the University began reading about the institution in newspaper sports pages. Since many of the University players were much older than regular college students, there was difficulty finding opponents at first; but the University's approximately even won-lost record soon attracted such schools as the Maryland Agricultural College, St. John's, Navy, Georgetown and, occasionally, such distant schools as Rutgers and North Carolina. The greatest sports rival was Johns Hopkins, and contests with it in any sport attracted throngs of students, faculty and alumni. When a dental department professor won a prize at a state exhibition for a set of plates made of maroon and black rubber, the University teams adopted those colors as theirs. Freshmen received a pamphlet of University cheers to memorize, and frequently faculty members led the cheers: "Rif! Raf! Ruf!—Rif! Raf! Ruf!— University of Maryland!— Pretty Hot stuff!!!"

The cheer is no longer used.

The Agricultural College was renamed Maryland State College in 1916, and in 1920 that school merged with Baltimore to form what is today's state-wide University of Maryland. Football was played continuously through the name changes in College Park.

Joe Krivak's philosophy on coaching, and indeed on life, is reflected in the way he moves from points A to B. He does not walk so much as strides out. There is no affectation. Purposefulness, yes, and directness, but no bull and excess glitter are in him. He is a unique combination of strength and truth, his humility underlining his credibility.

When Joe Krivak accepted the head coaching job at Maryland on December 10, 1986, his University was being scrutinized unlike any other. Maryland needed strength, the kind born of expertise and honesty. Maryland has gotten what it needed.

His expertise has produced a mini-draft list of quarterbacks for the NFL and a program whose academics improve yearly along with the recruitment of student-athletes. But most of all, Krivak has produced competitive football teams.

Boomer Esiason, Frank Reich, Stan Gelbaugh, and Dan Henning are NFL quarterbacks. Last year's star, Neil O'Donnell was chosen in the third round by the Pittsburgh Steelers. This remarkable string was produced in only seven years, when Krivak was both an assistant in charge of quarterbacks, and head coach. Football performance in the classroom is on the rise, a five percent increase taking place between 1988 and 1989 in the team GPA; the CFA had honored Maryland for its graduation rate in 1988. And Maryland has been competitive on the field.

1989: The Terps hit the road against a schedule ranked the 10th toughest by the NCAA in the pre-season. Five of the first seven games were away from College Park, against four top 20 teams. The strength of schedule never abated, but the Terps rose up in November to tie Penn State, the first time in 21 games the Nittany Lions had not beaten Maryland. Maryland had two shutouts in a season for the first time in almost a decade (Western Michigan, 23-0, North Carolina, 38-0). Individually, Quarterback Neil O'Donnell superseded every other Terp quarterback in history, save Boomer Esiason.

1988: No staff did a better job in the ACC than Krivak's. Picked to be a league caboose, the Terps played at home in their 10th game with but one league loss for the title. Against a schedule ranked third toughest in the nation by *USA Today*, Maryland won consecutive road games at Duke and Carolina and defeated ACC contender N.C. State.

1987: Krivak's first year was marked by yet another murderer's row of opponents, with Miami, Penn State, Syracuse, and West Virginia the out-of-league foes. Two wins in the first three games were followed by a wave of injuries, but it didn't slow the Terps down as they gained almost 4,000 yards of offense, each play gaining an average of 4.7 yards.

Krivak's honesty is born of being a successful player at Syracuse in its late 1950s heydays, of being a high school coach for a decade in West Virginia, and of being assistant to some of coaching's brightest minds while at Syracuse, Navy, and Maryland. Krivak's assessments, whether it be on talent or fourth-and-one, are respected.

Krivak's time as assistant at Maryland produced two of his greatest competitive thrills. He was in the press box directing the Terp offense in the 42-20 victory over Miami in 1985 that was the greatest comeback in NCAA history (the Terps were down, 31-0, at the half). He also directed a 28-27 Sun Bowl victory over

Tennessee that came after the Terps fell behind, 21-0.

In his tenure at Maryland, the Terrapins are 79-46-3. They won six ACC championships and traveled to seven bowl games. As a Navy assistant Krivak went to three bowls and he played in the 1956 Cotton Bowl while at Syracuse.

Krivak's staff is a reflection of himself. Five assistants are long term Maryland coaches with a long string of bowl appearances. Two others graduated from the school, and came back to work under Krivak.

Krivak was born in Central City, Pennsylvania, on March 20, 1935. His wife, Jean is a Weirton, West Virginia, native. They have three sons, two of whom became Terps. Ed, 27 received his degree in engineering from Maryland in 1987, while earning two letters as a pitcher on the baseball team. Jeff, 22, graduated from Maryland in May, and John, 25, earned four letters while playing on the University of Richmond baseball team.

George Foussekis

Assistant Head Coach
Linebackers

Foussekis, who came to College Park in 1972, has been to 11 bowl games as a Terrapin assistant, and he developed some of the best linemen in school history along the way.

He began his coaching career at Virginia Tech in 1969, and worked with the defensive line for two years. In 1971, he served as defensive coordinator at William & Mary, replacing Bobby Ross, a man who would become his boss at Maryland. The next year he became part of the Jerry Claiborne era, and worked with the successful Terp head coach for 10 years. When Clairborne moved to Kentucky, Foussekis stayed to coach under new head man Ross. After five years as his assistant, Foussekis elected to stay on when Joe Krivak was made coach in 1987.

He was voted into the Virginia Tech Hall of Fame last year.

Foussekis' numbers standout Terps like Walter White, Lloyd Burrus, Eric Wilson, and Steve Atkins among his recruits. Each moved on to the NFL, and Wilson (first team Fooball News, 1984) and Paul Velland (first team, American Football Coaches Association, 1973) each earned All-America honors.

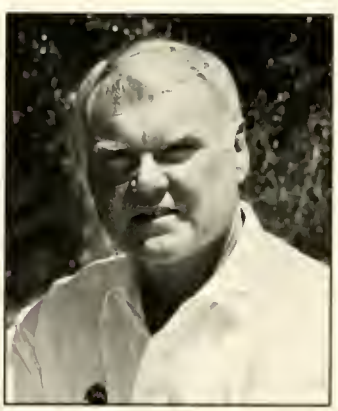
Jerry Eisaman



Assistant Coach
Quarterbacks

Though new this year to the Maryland coaching staff, Jerry Eisaman knows all about the tradition of excellence in the Maryland football program. As a Terrapin assistant coach from 1972 to 1981, he helped direct the program when it was at its apex.

Now, after eight seasons at Kentucky, he returns to Maryland with plans to help return the Terps to the lofty heights they enjoyed during his previous stay in College Park.

Certainly, he is overseeing Maryland's most tradition-rich position in his duties as quarterbacks coach. Eisaman plans for this year's Terp signal caller, Scott Zolak, to enjoy success similar to that of his predecessors — Neil O'Donnell, Stan Gelbaugh, Frank Reich and Boomer Esiason, all of whom currently are in the National Football League.

Eisaman was last at Maryland from 1972 through 1981. In those 10 seasons, he helped direct Maryland to seven bowl appearances, including the 1976 Cotton Bowl. He was quarterback coach for the Terps then, too.

In 1982, he joined Jerry Claiborne's staff at Kentucky, serving as quarterback coach there for the past eight years and leading the Wildcats to back-to-back bowl appearances in 1983 and 1984.

Prior to his coaching stints at Maryland and Kentucky, he was the offensive coordinator at Cincinnati from 1969 through 1971 and offensive backfield coach at Virginia Tech from 1966-68.

Dennis Murphy

Assistant Coach
Defensive Line

Murphy is a motivator whose coaching base of operations broadened three years ago to adjust to a new defensive scheme by the Terps, a multiple look on the frontline. Murphy is in charge of all the down linemen in the formation after having specialized in coaching the defensive guards for four Maryland bowl teams.

An outstanding player at Notre Dame whose post-graduate exploits came not on the professional playing fields, but in the air over Vietnam as a Navy officer. In five years as a Navy Flight Officer, he was decorated five times. On the field, Murphy was good enough to play in the North-South Shrine game and earn a contract with the Los Angeles Rams.

Murphy's experience includes Division I stints as both offensive and defensive coordinator, and he has helped nine teams reach bowls during his career. Murphy earned a master's degree at Notre Dame while performing his coaching duties.

Rod Sharpless

Assistant Coach
Wide Receivers

Rod Sharpless, like the Terps quarterbacks coach, Jerry Eisaman, is making his return to coaching in College Park after a successful stay on the coaching staff of the University of Kentucky.

But Sharpless' roots at Maryland go Eisaman one better. Besides an earlier stay on the coaching staff here, when he was linebacker coach for Jerry Claiborne from 1977-81, he also claims Maryland as his alma mater, having played linebacker for the Terps from 1972-74. He graduated from Maryland in 1975 with a bachelor's degree in health and physical education.

In 1974, he was 12th on the team in tackles with 45, 23 unassisted and 11 for minus yardage. He also had four sacks, which was second on the team, and recovered two fumbles. In 1973, he led the team in fumble recoveries with three.

Upon graduation, he coached three years at Willingboro (N.J.) High School before joining the staff of his former college coach. He stayed with Claiborne at Maryland from 1977-81 and rejoined him in Kentucky in 1982. In between, he was on the staff at the University of Richmond. Van Valkenburgh has spent the best portion of his 17 years as coach directing linebackers and the secondary. He coached Paul Lawlor, who led the nation in interceptions, while at Colgate. His Vanderbilt secondary set a school record for interceptions, and the Commodores went to the Hall of Fame Bowl while he was in Nashville. Vandy defensive back Leonard Coleman was a first round pick in 1982 after working under Van Valkenburgh.

He coached with Krivak from 1978-1981 when both were at the Naval Academy.

Whittlesey also had a Maryland connection when he went to DePauw in Indiana. He played under former Terp Head Coach Tommy Mont and stayed on to earn a master's degree while serving as a graduate assistant. Soon after leaving DePauw, Whittlesey became a 27-year-old head coach when he was appointed at Bluffton College in Ohio.

MEDICAL STAFF
Dr. Stan Lavine

Team Physician

Dr. Lavine's role at Maryland has been to make the Terrapins go, whether as an undergraduate standout in football, or as the team physician for almost three decades.

A native of Pittsburgh where he attended Schenley High School, Dr. Lavine matriculated at Maryland to prepare for his medical career, and played initially for the immortal Clark Shaughnesy, one of football's great innovators. By the time of his 1950 graduation, he had led Maryland under Head Coach Jim Tatum to a 9-1 record and a 20-7 win over Missouri in the Gator Bowl as the team's quarterback. After graduating from the University's Medical School, he interned in hospitals in Philadelphia and Cleveland, served two years in the Air Force, and then began his orthopedic medical practice and work with Maryland's athletic teams.

Rick Fleece

Nose Guard
Sr. 6-2 255
Columbia, MD
Major: Speech Communications
High School: Triton Regional (Somerdale, NJ)

At Maryland: Team Co-Captain ... Enters 1990 as a strong candidate for All-Atlantic Coast Conference honors ... He is Maryland's Mr. Durability, who plays hurt and whose solid-but-never-flashy style is often underappreciated ... This season will be his third as the Terps' starter ... He has a tremendous work ethic and has developed every phase of his game beyond the initial expectations of the coaching staff ... He is the only senior among the defensive down linemen ... He is quick, having run a 5.1 40-yard dash in the spring, and strong, with a 370 bench and a 542 squat ... In the combined competition, he lifted 1,249 pounds on three lifts to finish second behind linemate Larry Webster.

1989: Started and played in 10 games, missing only the **Western Michigan** game with a severely bruised thigh ... As a testimony to his desire and commitment, he broke his hand on the sixth play from scrimmage against **Penn State** and played the rest of the game before having it set ... The next week against **UVA**, he had five tackles and two assists with his hand in a cast ... He was the team's fourth-leading tackler with 72 total tackles (40-32), which was the best among the down linemen ... His five tackles for loss (minus 12 yards) were the second most on the team ... He also had one pass deflection against **Georgia Tech** ... He graded out at 95 percent against **North Carolina** and 91 percent against **Wake Forest**, for his two best outings percentage wise ... His best overall outing may have been against **Michigan**, when he had six tackles, four assists, two hurries and one tackle for loss and graded out at 89 percent in Ann Arbor ... He also was in double digits for total tackles against **N.C. State** (11) and had nine tackles in two other games.

1988: Youth prevailed at nose guard as Fleece experienced a sophomore's trial from new starter to very solid veteran by year's end ... He accumulated five tackles through the first two games, and then was a key player in the **N. C. St.** upset when he made six tackles (2-4), caused a fumble and recovered it. **Syracuse:** seven (1-6) tackles. **Georgia Tech:** four (2-2) tackles, one sack. **Wake Forest:** four (3-1) tackles, two for losses. **Duke:** five initial hits, one sack. **North Carolina:** Eight (2-6) tackles. **Penn State:** five tackles, all initial hits, one tackle for a loss. **Clemson:** eight tackles, five initial hits. **Virginia:** five (4-1) tackles.

The Co-Captains

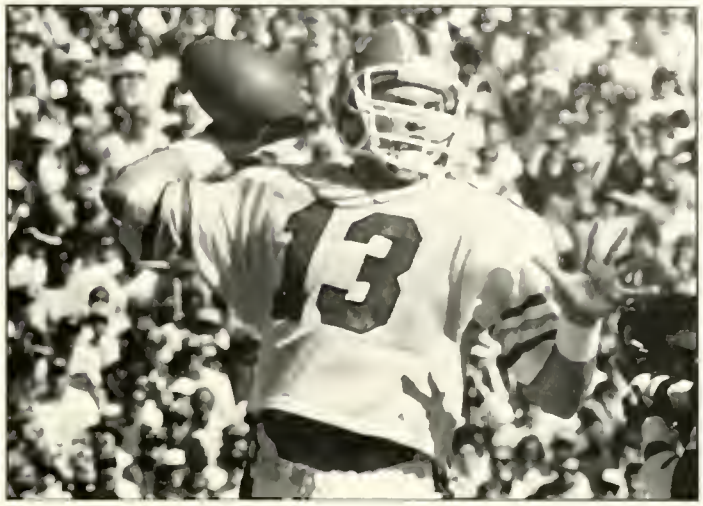
Scott Zolak

Quarterback
Sr. 6-5 221
Monongahela, PA
Major: Business Management
High School: Ringgold

At Maryland: Team Co-Captain ... Has served his apprenticeship as back-up signal caller his sophomore and junior years to Neil O'Donnell with distinction and impressiveness ... The all-important quarterback job was inherited automatically by still another in a long line of outstanding Terrapin quarterbacks ... He possesses the physical tools to fit very well into the mold of the Terp quarterback that has produced NFL pros Boomer Esiason, Frank Reich, Stan Gelbaugh, Dan Henning and Neil O'Donnell in the last seven graduating classes, all coached by Krivak ... Early returns in, to say, have Zolak joining the elite group that has earned Krivak the reputation in the NFL of now having more quarterbacks sent to the NFL than any other Division I team ... He has all the skills - a strong accurate arm, good understanding of the offense, great size, the respect of his teammates to go along with his attitude and leadership ... Is very competitive with good work ethic ... His leadership was recognized at the end of spring practice when his teammates overwhelmingly voted him as their team co-captain, along with nose guard Rick Fleece ... Many observers feel that he could have one of the strongest arms of the list of successful record-setting Terrapin QB's.

1989: Played in eight games ... Did not see action in the **NC State, Georgia Tech** or **Penn State** games ... His two best efforts came against **Michigan** and **Duke** ... Against the Wolverines, he played the fourth quarter, hitting 11 of 15, 123 yards and a 14-yard TD to Barry Johnson ... In the Blue Devil game, in the final seven minutes of the game, he hit on seven of 15, 101 yards and a two- yard TD, again to Johnson ... For the season, he was 33 of 69, .478%, 407 yards, two touchdowns and three interceptions.

1988: He played in four games — against **West Virginia, Penn State, Clemson** and **Virginia** — completing 12 of 22 passes (54.6 percent) for 128 yards ... Against **Virginia,** he entered the game late in the fourth quarter and led



the Terps to a touchdown ... In that drive, he completed a 24-yard pass for a first down on fourth and 10, and then after a three-yard completion he pitched to running back Ricky Johnson who ran the final three yards to the touchdown ... The ensuing two-point conversion was quite possibly the most controversial play of the Terps' year — Zolak's pass to Ricky Johnson was ruled incomplete by one referee after being signaled good by another and the Terps lost the game by a single point, 24-23.

1987: Did not play during the season, but gained valuable experience as part of the scout team and in practice situations with Neil O'Donnell and then-starter Dan Henning.

1986: A redshirt year.

At Ringgold: Quarterback and basketball team forward for each of his four prep years, while earning honor roll status three of those seasons ... As a senior, he was a first team all-state and all-conference pick, while being selected to the *Pittsburgh Post-Gazette's* Fabulous 22 and the *Pittsburgh Press'* Finest 44 . . He was named to Athlon Magazine's Eastern Elite 11 and was selected as Ringgold MVP by the Tribune Review and Metro Index ... His numbers that senior season were impressive: 79 completions in 153 attempts for 1,251 yards and 10 touchdowns, against six interceptions ... As a kicker, he was 17 of 17 on PATs and had a 40.4 punting average.

Personal: Born 12/13/67 ... Scott is the son of Daryl and Paul Zolak ... His father is the athletic director at Ringgold High School, which also produced the SF 49'ers QB, Joe Montana.

He punted for a 41.5 avg., had few punts returned, and made 11 of 16 field goals, including the tying points against Penn State ... It was the first time Maryland had not lost to the Nittany Lions in 25 tries.

1989: DeArmas went to camp with a leg strong enough to both punt and placekick ... The latter job had not been open to him as a frosh ... Inside Linebacker
Sr. 6-1 235

At Maryland: Injury opened the door to Page's 111 tackle season in 1989, when he emerged as the busiest Terp defender ... To say he plays with pain is obvious: both his hands had broken bones in them before 1989 was over, but he never sat down.

1989: Although he was a replacement for the injured Scott Whittier, a tri-captain, Page did not waste time announcing his talents ... He had a team leading eight initial tackles in the season opener with **N.C. State**, and tied for the team lead with 11 tackles in all ... His 15 tackles led the way against **West Virginia** in the next game, and was the team season high ... His best games: **Clemson** (nine tackles); **Michigan** (13 tackles, one for a loss); **Georgia Tech** (12 tackles, deflected pass, fumble recovery); **Duke** (12 tackles); **Penn State** (11 tackles, tackle for loss); **Virginia** (14 tackles) ... Page was the constant in a shifting inside linebacker position that was hit by injury, forcing pure freshmen to play ... Before the season was over, he had emerged as a leader.

1988: A solid backup linebacker who saw action in all 11 games, starting one ... He finished the season with 31 unassisted and 17 assisted tackles ... His best game was against **Penn State**, when he finished with six tackles and three assists with one tackle for a loss and one pass break up ... Tied for the team lead in interceptions with two on the season (**Louisville** and **Ga. Tech**). One of the leading tacklers on the special teams unit.

1987: Had a standout freshman season as backup inside linebacker and special teams performer ... He finished the season with 13 tackles as a linebacker and 15 special team tackles ... His top tackle games were **N.C. State** and **Clemson,** when he had five each.

1986: A redshirt season.

He reentered in the spring so he is a true freshman this season ... He still is relatively new at the nose position, having played linebacker throughout high school ... Nevertheless, he possesses good quickness and will be expected to contribute a limited amount of plays each game this season.

1989: Back surgery in the fall forced him to redshirt.

He is a legitimate candidate for All-America and a likely pick for All-Atlantic Coast Conference ... He is an intelligent player who relates well to the opposition's subtle game changes ... He combines almost superhuman physical strength, with lightening quickness ... Consider that during the spring, he bench pressed 345 pounds, squatted 657 — the team's best squat — and still managed a 4.97 40-yard dash ... Used little through the first six games (he had a total of five tackles), Webster was used more at **Duke** where he had four tackles (3-1), including a sack ... At **North Carolina,** he announced his presence as the most talented young Terp defender by making nine tackles (six initial hits), including one tackle for no gain, one for a loss, and one sack ... S2nd Qtr	0:01	Damon Hartman 45 yard field goal
S3rd Qtr	3:03	Anthony Barbour, 7 yard run kick failed
M4th Qtr	3:21	Ricky Johnson, 1 yard run run failed

State built a 10-0 lead and held the Terps at bay until midway through the final quarter when Neil O'Donnell completed four passes on an 8 play, 80 yard drive. The margin was narrowed to 10-6 on a Ricky Johnson burst up the middle. Maryland was not successful on a two point conversion run attempt, and although the defense got the ball back quickly, O'Donnell's arm could not get the Terps into the end zone where they had to be to overcome a four point deficit. Maryland drove from its 37 to State's 17 where two throws into the end zone fell incomplete, the second one thrown as time ran out. Game time temperature was 87, but the heat was not a big factor as a there was a 3:30 p.m. start because ESPN started its 1989 football coverage with the contest.

Maryland could not hold a 10-0 first half lead under the West Virginia offensive pressure led by QB Major Harris. A sellout watched on a humid 86 degree day that proved as oppressive as the opponent. In the game's key series, Dean Green recovered a West Virginia fumble on a punt return at the Mountaineer 19 yard line with 6:44 to play, but Maryland did not score. Maryland then had its own goal line stand with less than a minute left as it stopped Harris at its six. The defensive heroics came with 27 seconds left, too late to overcome the Mountaineers.

Maryland intercepted four passes in the first half to set the defensive tenor, and Neil O'Donnell threw two TD passes in the last minutes of the first half to propel the Terps to their first victory. Maryland overpowered the Broncos on a rainy, 72 degree day that featured blustery winds. The starting secondary—Michael Hollis, Eddie Tomlin, Scott Rosen and Kevin Fowlkes—each intercepted a pass.

Hurricane Hugo forced the Terps to travel a day early to Clemson, but the actual hurricane came in the second quarter of the game that was played in bright, 78 degree sunshine. The Terps matched an early Tiger field goal with an 8 play, 46 yard drive. But Clemson went on a long drive itself, to up the score to 10-7, and forced Maryland to punt from its 32 on the ensuing drive. Clemson blocked the punt, recovered it at the Maryland 7, and scored three plays later. A 9 play, 69 yard drive in the final minutes of the half put the game out of reach, 28-7. QB Neil O'Donnell was injured with 6 minutes to play in the half (bruised hand) and did not return.

Michigan scored early and often to take the game away by the second quarter. Twenty-one straight points were scored, two TDs coming in the first eight minutes of the game on passes. Although down, 28-7, at the half, Neil O'Donnell at that point had 13 of 20 passes completed for 182 yards and a TD. As inhospitable as the hosts were on the all-weather Michigan Stadium surface, the weather was ideal (sunny, 70 degrees).

After dominating the first half and leading by 14-0 (with 1:12 left), the Terps allowed Tech to scoot 69 yards in 6 play drive that took all of 54 seconds and halfed the margin on the scoreboard. The reversal proved more than just one TD; momentum moved to Tech with the score, and 21 points were registered by it in the third quarter. Maryland did not give up; a field goal with 7:01 left reduced the margin to four, and Maryland's defense stopped Tech twice from the one yard line to turn the ball over to the offense with 34 seconds left. The Terps did not have the time to go 99 yards. The final drive ended at Tech's 43. The weather was overcast, the temperature 73.

Maryland won its first ACC game in convincing fashion, unleashing at the Deacs a season high 229 yards on the ground and 303 yards in the air. Combine that with no turnover football and a 21 point second quarter, and the fourth road game in a row became a home away from home. Neil O'Donnell was the principal factor in the offense's showing as he had a 16-23 first half, good for 239 yards and 2 TDs. The day was hot in Winston-Salem: sunny skies and 78 degrees.

Duke threw for 207 yards and a 22-3 first half lead in Byrd Stadium, quashing Terp hopes that the Wake victory of the week before would bring a New Deal. Each time Maryland came back in the second half, Duke matched the score, preserving a 21 point victory margin. The day was windy and cool (49 degrees), but that did not stop the two teams from throwing for 608 yards and 5 TDs.

Nine North Carolina turnovers made this sunny, 75 degree day a pleasant afternoon for Maryland. It was the widest margin of victory by a Maryland team in seven years, and the most-one sided victory in the series since 1929 when UNC won, 43-0. Six different players scored in a variety of ways—TD pass, TD run, interception return for a TD, field goal. Maryland ground out a 14-0 halftime lead as the Tar Heels gave up the ball once by turnover; the second half onslaught was directly related to turnovers.

For the first time since 1961 Maryland did not lose to Penn State, tying the game with less than a minute to go on a 26 yard field goal. The Nittany Lions entered the contest nationally ranked, 6-2, and the favorite. It was a game of kicking and heroic defenses on a 52 degree, sunny day in Baltimore's Memorial Stadium. The opposing placekickers matched each other in effectiveness, Dan DeArmas proved a tremendous weapon for Maryland with 5 punts for 52.6 avg., and each defense rose to its best in the final quarter when offenses were forced to settle for field goals in critical drives.

Maryland could not stop Virginia from winning the ACC title. But for 30 minutes it was a most competitive game under the lights dicatated by the presence of ESPN cameras. The score was 21-14, the clock ran out, but a final play heave from midfield by Virginia worked for a TD on the way to the lockerroom. The play changed the the score to 28-14, and changed the game, as Virginia kept right on going in the second half. Neil O'Donnell's Terp career ended with him owning second place to Boomer Esiason in virtually every school passing category. He would play Christmas Day in the Blue Gray game with Guard Blaine Rose and Center Mark Agent.

The Last Time In Terrapin Opponents' History

KICKOFF RETURNED FOR A TOUCHDOWN — Sept., 17, 1987. West Virginia's Eugene Napoleon of the Mountaineers returned the opening kickoff from Dan Plocki 94 yards for a touchdown. The Terps, however, won the contest, 25-20 in Byrd Stadium.

BLOCKED PUNT RETURNED FOR A TOUCHDOWN — Oct., 31, 1987. Norris Davis of North Carolina picked-up a blocked Darryl Wright punt and returned it 26 yards for a Tar Heel touchdown in a 27-14 win over the Terps.

PUNT RETURNED FOR A TOUCHDOWN — Nov., 9, 1985. Brett Perriman, a wide receiver for Miami (Fla), started a Hurricane comeback as he returned a Darryl Wright punt 72 yards for a touchdown in the third quarter of a 29-22 Miami victory in Baltimore's Memorial Stadium.

INTERCEPTION RETURNED FOR A TOUCHDOWN — Oct 21, 1989. Duke's Wyatt Smith stepped in front of a Neil O'Donnell pass and scored on a 16-yard return. The theft put the Blue Devils up 39-18 on their way to a 46-25 victory.

RECORDED A SAFETY AGAINST MARYLAND — Oct., 22, 1988. Duke's Mark Allen sacked Terp quarterback Neil O'Donnell in the endzone giving the Blue Devils an early 9-0 lead. O'Donnell got off the ground and rallied the Terps to a 34-24 victory in Durham, NC.

SHUTOUT MARYLAND — Sept., 28, 1985. The Michigan Wolverines shutout the Terps 20-0 before over 100,000 fans in Michigan Stadium. It was the first time the Terps had been shutout since 1979.

THREE TOUCHDOWNS IN ONE GAME — Oct., 29, 1988. Despite three touchdowns by Kennard Martin of North Carolina on runs of 28, 13, and 2 yards, the Terps beat the Tar Heels, 41-38, at Kenan Stadium.

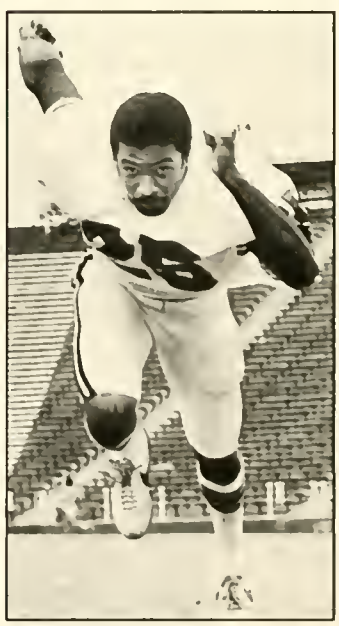
TWO TOUCHDOWNS IN ONE GAME — Oct 7, 1989. Wide Receiver Tom Covington scored twice during Georgia Tech's 28-24 victory over Maryland in Atlanta. He scored on passes of nine and 26 yards from Yellow Jacket quarterback Shawn Jones. Both touchdowns came in the second half; the second score by Covington proved to be the winning margin for Tech.

MISSED POINT AFTER TOUCHDOWN — September 3, 1988. In the season opener for both teams, Louisville kicker Ron Bell missed a point after touchdown attempt in the fourth quarter of Maryland's 27-16 victory over visiting Cardinals.

THREE FIELD GOALS IN ONE GAME — Sept., 24, 1988. Damon Hartman connected on field goals of 45,28, and 25 yards for N.C. State in a 30-26 loss to the Terps in Byrd Stadium.

TWO FIELD GOALS IN ONE GAME — Nov 11, 1989. Kicker Ray Tarasi connected on two field goals, the second with 5:08 remaining in the game, as the Terps and the Nittany Lions tied, 13-13.

FIELD GOAL OF 50 YARDS OR MORE — Nov., 12, 1988. Chris Gardocki of Clemson connected from 51 yards during a 49-25 victory at Byrd Stadium.



An even dozen years have passed since Lloyd Burruss returned a punt for a 47 yard TD against Tulane in 1978.

No. 4 East vs. West Game of the Year

September 24, 1955 — In a game billed as the "Best of the East versus the Best of the West," the top-ranked UCLA Bruins came to Byrd Stadium to take on Maryland. At season's end, this game was hailed as the "College Game of the Year", and it also was recorded as a 7-0 Maryland win. The game was highlighted by the play of Terps' All-America and Player of the Year Bob Pellegrini.

No. 5 Big Play Day

November 18, 1978 — The Terps and Clemson tangled in one of the most exciting football afternoons at Byrd, with five touchdowns scored by both teams covering 60 or more yards. The 51,376 fans, including more than 3,000 from Clemson, saw an offensive show that included this third quarter series: A Clemson touchdown on an 87-yard pass play followed less than a minute later by a Terps score on a 98-yard run from scrimmage by Steve Atkins.

No. 6 Terps Defeat Penn State

November 4, 1961 — In a series that started in 1917, the Terps pulled a surprising 21-17 win in Byrd in the eighth game of the series. It was the first win over the Nittany Lions, and 25 games later it remains the lone Terp win in the series. However, the 25th game, last year in Baltimore, was a 13-13 tie.

No. 7 A Win With Defense

September 24, 1983 — With Boomer Esiason unable to play, backup Frank Reich got the starting quarterback call against Pittsburgh, but the news of the day was recorded by the Terrapin defense. The Panthers came into the game with one of the nation's top offenses. Pitt scored in the first quarter, but then the defense buckled down. After Maryland had gone up 13-7 in the fourth quarter, Pitt drove to the Maryland 11 yard line. There, on fourth down, Maryland's Bob Gunderman blocked a 28-yard field goal attempt. Later in the game, Pitt had a second and goal from the seven yard line when Terp Brian Baker hit the Pitt quarterback as he was trying to pitch out, and Maryland linebacker Chuck Faucette recovered the ball with 1:14 to play.

No. 8 The Queen's Game

October 19, 1957 — While visiting the United States, Queen Elizabeth and Prince Philip wanted to see an American football game. The Maryland-North Carolina game was chosen. Before an overflow crowd of more than 43,000, many of whom came to catch a glimpse of the Queen and the Prince, Tommy Mont's Terps won easily, 21-7. Because of the hundreds of world and national media requests to cover the game, a second deck, which today is the working press deck, had to be added to the Byrd Stadium press box.

No. 9 Enthusiastic Fan Support

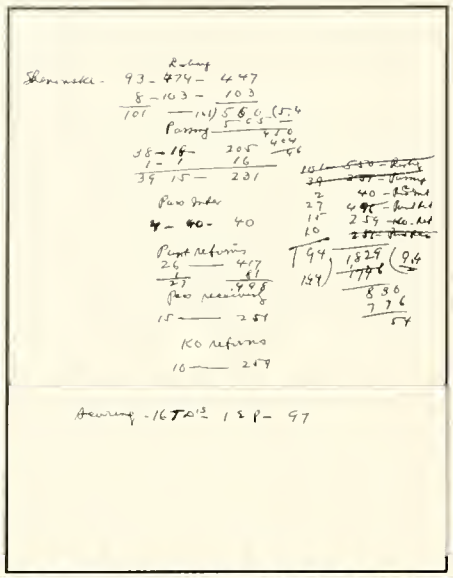
October 29, 1983 — In a nationally televised game that ended in near darkness, and with no goal post in the closed end of the stadium, Maryland held off a nine-point, fourth quarter rally by North Carolina to win, 28-26. The students stormed the field after Maryland stopped a two-point conversion that would have tied the game. On the play, Maryland linebacker J.D. Gross put a devastating rush on the passer and forced the two-point pass attempt to be thrown wide. Sports Illustrated featured the game on its cover, showing the goal post dismantled and students hanging from the posts and cross bar.

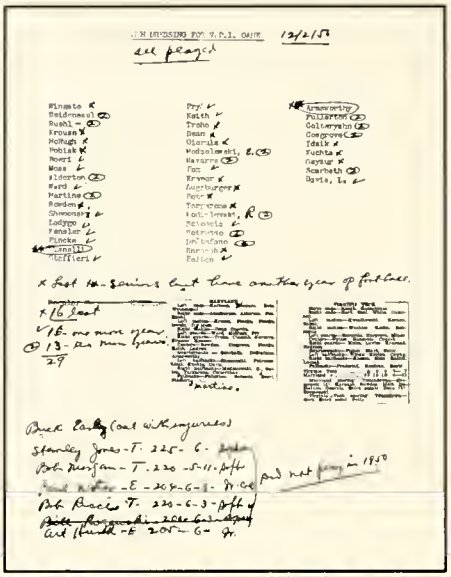
No. 10 The "Bear" Returns

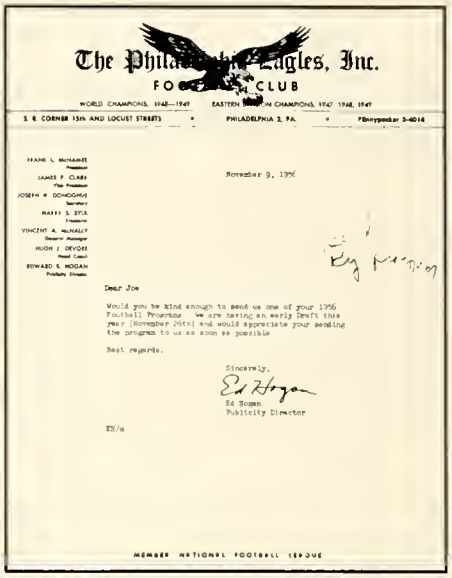
September 14, 1974 — The soon-to-be legendary coach, Paul "Bear" Bryant, returned to College Park as head coach of Alabama. Bryant had been the Terps head coach in 1945. The pre-game hype made it a most emotional game for both teams as Alabama took a 21-16 victory before 54,412 delirious fans as they welcomed back the "Bear." It was the largest crowd to see a game in Byrd.

How the Photographer got Joe in front of the camera after the National Championship in football is unknown. The caption on the original photo read: "The key Components to Maryland's 1953 National Championship. (Standing, left to right) assistant coach Whitey Dovell, assistant Jack Hennemier, business manager Bill Cobey holding picture of assistant Bob Ward, assistant Tommy Mont, assistant Vernon Seibert and trainer Duke Wyre. (Kneeling, L-R) assistant Eddie Teague, assistant Emmett Cheek, Head Coach and AD Jim Tatum, assistant Warren Giese and sports information director Joe F. Blair."

Joe Blair's legend constantly surrounds a coffee cup, usually from 7-11, and is displayed from 9 a.m. to late at night. Joe's counsel is sought here by Heather Lewis of sports information.







Joe's first All-American, Shoe-Shoe Shemonski, had his 1950 season tallied by Joe on the back of ditto sheet from the Dec. 2 Virginia Tech game. His 1951 pre-season preview was figured the same day. The pros, whose sophistication in scouting today rivals that of an invading country studying terrain maps, were not always so grand in their plans. Joe was asked in 1956 by good friend Ed Hogan for a game program so that the Eagles could draft 15 days later. Lord, they drafted during football season!

Dear Joe,

I know that you are in sunny Florida/I write this, but you can get it with all of your other piled up correspondence when you return. It's always a mess when you get back from a trip, ain't it, Mickey? This one you won't have to answer.

It's just a bread and butter note to let you know how much I enjoyed being with you. The hospitality was wonderful and it was nice touring the countryside, etc. I'm sorry we couldn't give you a better ball game. I was right sick about that. I stayed over but was so tired, and had that big patch on my nose, so decided I wouldn't try to make your big party. I am sorry, however, I did not get to see you again. As ste dimart, read the papers and went to bed. I got away at 9:30 the next morning. After the hurricane hit, I couldn't do much contacting you, which cramped my style the last 48 hours there.

You treated me swell, and I hope your expense account didn't shock the powers too much. Also hope you got the ticket squared. I thought the papers, etc., trashed us fine--you seem to have it made up there.

With warmest regards, I am,

Sincerely
Jake

P.S. Hamlin sends regards and we hope to see you soon somewhere.

Dear Coach,

Coach Tatum has given me your letter in which you asked him to hold a Press Box ticket to be used by Joe Vetrano for the North Carolina Game on October the 16th.

I cannot be sure of having a Press Box seat for Joe inasmuch as we will be more than jammed for that game. All the Carolina newspapers, big and little, staff this game, and I am sure that we will have a full house. However, a ticket, either in the Press Box or a good seat in the stands, will be placed at Window 6, South Gate, for Joe. If it is at all possible, I will put him in the Press Box.

It looks as though you are the big guns in both leagues this year. Sorry you do not have Faloney, but from what it looks like you certainly don't need him. We understand he was the big star of a recent Edmonton victory last Monday night. You might be interested to know that Charlie Boxold did a fine job in the Kentucky Game and too, he was a most recent papa to a six pound, fourteen ounce girl.

Have Joe look me up when he visits us for the North Carolina Game. Many thanks and best wishes for a successful season.

Sincerely,

Joe F. Blair

Dear Jim:

I would greatly appreciate your having held at the Stadium Reservation Booth a Press Box Ticket for my assistant, Joe Vetrano, who we are sending to your game with North Carolina on October 16th.

We fully realize that your Press Box situation for this game may be such that it would be difficult for you to provide such a ticket. If this happens to be the case, I would appreciate your advising us of the cost of a good seat in the stands and we shall forward you a check

In any event, I would greatly appreciate hearing from you regarding this at your earliest convenience.

With my very best wishes for your continued success, I remain,

Cordially,
Buck

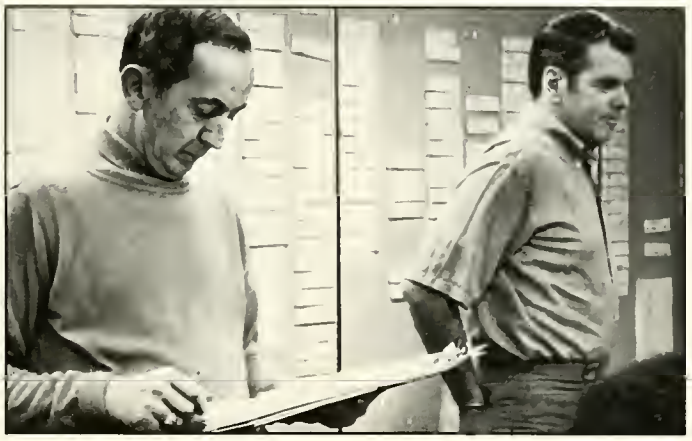
Jake Wade, among the most loved of SIDs, enjoyed Joe's Company during a 1954 visit. The Tar Heel left before Joe's "big party"; as a reward at home he got a hurricane. The Tar Heel visit in 1956 was a big one. Joe questioned whether he could accomodate coaching immortal Buck Shaw's scouting request. Joe got a taste of the pros by swapping telegrams with Wellington Mara, founder of the football Giants.

Blair's morning starts with newspapers, cigarettes and coffee. Always has, always will. Dapper Joe, whose bow tie is de rigeur *in moments of dressing-up, reads the* Washington Post *in 1953. Even then the Post was fond of headlines that woke people with a blast.*

Between being Jim Tatum's publicist, and Vince Lombardi's right hand, Joe Blair worked with the very best. His Redskin years (1962 to 1983) included the eras of Lombardi (1969) and Allen (1971 to 1977), and stints with Otto Graham and Jack Pardee, among others. Joe won't reveal what Lombardi said to him to produce the surprised look above.



Joe got the Redskins' game ball on Dec. 3, 1972 from Linebacker Chris Hanburger, Coach George Allen, and Defensive Back Brig Owens. The Skins beat the Eagles that day, 23-7, at Veterans Stadium.

The Athletic Hall of Fame was founded in 1982 by the M Club Foundation as a joint project of the Department of Intercollegiate Athletics and the M Club. The first committee was organized by then Athletic Director Dick Dull and consisted of outstanding Terrapin athletes and coaches Jack Faber (Class of 1926), Tom Fields (Class of 1942), Al Heagy (Class of 1930), Jim Kehoe (Class of 1940) and Jack Scarbath (Class of 1952). Arthur L. Kramer (Class of 1942), a letterwinner in tennis, was particularly important in the founding of the Hall of Fame.

Among the qualifications for nominees are being out of school at least 10 years, having earned a minimum of one varsity letter, and if not an undergraduate athlete, being a Department of Intercollegiate Athletics staff member for at least 15 years. Nominees will be judged on personal conduct in life and their contributions to the high ideals of intercollegiate athletics.

Those selected to the Hall of Fame are inducted at the M Club's Sports Awards Banquet, held annually on campus in December. Presently on the Selection Committee are Bill Campbell, Frank Cronin, Jack Faber, Jim Kehoe, Sully Krouse and Doyle Royal, all of whom were long-term coaches at the University. In addition, former Terrapin athletes Bosey Berger (three varsity sports), Jack Scarbath (two varsity sports), Jack Flynn (M Club Director and two varsity sports), and Arthur Kramer (one varsity sport and alumni representative) serve.

Maryland's powerful Terrapins swept through the regular season undefeated and became only the second team in ACC history to win three consecutive league titles outright. Coach Jerry Claiborne's club ran its conference victory string to a record 20 straight. The Terps appeared in a bowl for the fourth straight year, losing to Southwest Conference champion Houston, 30-21, in the Cotton Bowl. Maryland tackle Joe Campbell and Wake Forest defensive back Bill Armstrong were consensus All-Americans. Maryland's No. 8 ranking in the final AP poll was the first top 10 finish by an ACC team since 1960.

The first capacity crowd in Gator Bowl history — attendance was 16,666 that day — witnessed one of the greatest games in the storied history of the bowl. A young Maryland team, underdog to an experienced Georgia squad, got up by 13 points in the fourth quarter and eventually settled for the 20-all tie. Lou Gambino was a one-man wrecking crew for the Terrapins, scoring the only touchdown of the first half on a 35-yard run. In the second half, after a Georgia score, Gambino scored on a 1-yard run and on a 24-yard pass from John Baroni. A series of special teams miscues — namely a short kickoff and mishandled punt — set up Georgia's comeback. Despite the tie, there was no question as to the game's most valuable player. Gambino won the Burkhalter Award, signifying the game's outstanding performer.

Three times in the first half Missouri turned the ball over and all three times Maryland took it in for touchdowns as the Terrapins handed the Tigers their second consecutive Gator Bowl loss. Defensive back John Idzik set up Maryland's first score with a 26-yard interception return to the Mizzou 11. Bob Shemonski scored on a sweep on the next play, and the rout was on. Ed Modzelewski scored on a three-yard run to give the Terps a 13-0 lead and Shemonski capped Maryland's scoring later in the second quarter with a six yard touchdown run.

In a game historians even today call the biggest win in Maryland football history, Jim Tatum's Terrapins upset the nation's No. 1 ranked Tennessee Volunteers of Gen. Bob Neyland. Buoyed by the running of All-American fullback Ed "Mighty Mo" Modzelewski (153 yards on 28 carries) and All-American quarterback Jack Scarbath, the No. 3 ranked Terps scored three TDs before the Vols got one in the first half for a 21-6 lead. They put the game out of reach in the third quarter with a 46-yard interception return TD by Ed Fullerton for a 28-6 margin lead. The Terrapin defense was brilliant all afternoon.

The Terrapins took another undefeated (10-0) record and the nation's No. 1 ranking in their second Orange Bowl visit in three years, and again played Oklahoma. The Sooners, completely unawed by the Terps National Championship team, staged a second quarter land rush to score the only score on a 25-yard sprint by team captain and halfback Larry Grigg. The Terrapins suffered a major setback when All-American Bernie Faloney could not start because of severe ankle injury. He entered the game in the 3rd quarter for five plays, but was unable to continue.

The Bulldogs went up, scoring in the third after recovering a Terp fumble. Seven times, the Terrapins were inside the Georgia 20-yard line that ended in three Mike-Mayer field goals. On four of the seven occasions, they were within the 13 and came away with zero points.

It was Wallace's only pass of the game. The Terps were punting from their 13 when a bad snap from center was recovered by the Vols on the Terps 7. After a loss of 4 yards, Wallace threw for the score. The Terps put on a desperation drive and an apparent 20-yard TD winning reception was ruled out of bounds.

Bob Avellini: he quarterbacked the Terps to their first outright ACC title in 1974, and to a final ranking of 13 in both AP and UPI polls.

Preparing an athlete to play a particular sport is the mission of the Strength and Conditioning program at Maryland. Proper training leads to more confidence on the athlete's part, and translates into a competitive, ready Terrapin.

Strength and Conditioning is directed by Frank Costello, an extraordinary competitor and coach. As a Terrapin undergraduate, he was the third ranked high jumper in the world, NCAA Champion and four-time All-America. As a coach he led Maryland to both the IC4A Indoor and Outdoor team titles and was NCAA District Coach of the Year. Maryland's Strength and Conditioning Coordinator since 1981, Costello coaches the whole athlete. He is one of the leading authorities on the dangers of drug abuse in his profession, and is a frequent guest on network television explaining the dangers of taking shortcuts to enhance the body.

Costello and assistants Dwight Galt, Mike Vasalani, and Rich Nelson begin the road to physically preparing an athlete to play their sport by conferring with the sport's coach, and then testing and evaluating the individual. Weight training, speed training, flexibility training—all could be part of a balanced prescription to excel, depending on the sport.

Galt is on his second stint as part of the Maryland strength staff. He was an assistant strength coach in 1984 and 1985 under Costello, and rejoined the staff just prior to the start of the 1989 football season. Both he and Nelson, a starting offensive lineman for the Terps in 1987 and 1988, have their undergraduate degrees from Maryland. Galt also has a master's degree in exercise physiology and Nelson currently is working toward his master's. Vasalani is in his third year on the staff, after graduating from Slippery Rock in 1987. While at Slippery Rock, he was the National Collegiate Powerlifting Champion.

Maryland's commitment to strength and conditioning grows with the explosion of interest among athletes and coaches. Men's and women's sports, team and individual competition—every sport is involved. Two weight rooms now exist, with the facility expansion and refurbishment under The Maryland Partnership promising even better facilities in the future.

Academic Support Unit

The creation of the Academic Support Unit at Maryland puts the University's commitment to the student-athlete front and center. It is important to the University that each student-athlete grow academically and graduate, and to that end Academic Support has as large a presence as any sport program in the athletic department.

Dr. Gerald Gurney, Associate Athletic Director for Academic Support and Compliance, oversees a program of intensive assessment, skill development and counseling that is offered to each student-athlete. Academic Support offers a comprehensive program for personal and academic development that includes the following:

- **Personal academic career assessment**
- **Tutoring**
- **Supervised study**
- **Learning skill programs**
- **Academic monitoring**
- **Computer training and usage**
- **Career mentorship**
- **Summer internships**
- **Career awareness programs and job hunting**

Dr. Gurney joined Maryland in 1987 after tenures at Southern Methodist and Iowa State, institutions which were lauded for their nationally recognized academic support programs. Dr. Gurney earned his Ph.D in higher education administration from Iowa State in 1980. He holds a master's degree in counseling and student personnel work, and a bachelor of science in English education, both from Ohio State University.

Working with him is a distinguished staff that includes:

Dr. Javaune Adams-Gaston coordinates the development services arm of the Unit, organizing the student-athlete orientation, drug education and career programs. A licensed clinical psychologist, Dr. Adams-Gaston also coordinates the various counseling programs offered. She received her Ph.D in counseling psychology from Iowa State in 1983.

John Bowman is coordinator of academic counseling, and he directs the monitoring of student-athlete progress. In following each student-athlete's progress toward a degree, he makes use of his 19 years of campus knowledge acquired as an academic advisor at College Park. Bowman received a M.A. degree in education from Case Western Reserve University in 1976.

Milva Sadler, a counselor in the Academic Support Unit, coordinates student-athlete study sessions, tutoring schedules and the bookroom. Sadler has her master's in counselor education from Penn State and a bachelor of arts in psychology from North Carolina.

The Academic Support Unit also operates a full-function computer room, which is available to all student-athletes. Among his duties in the Unit, Guy Hays monitors the computer lab.

The ASU also handles the increasing flow of paperwork which accompanies certification, student services, housing, financial aid and the like. Jerry Moyer coordinates these services for the Unit.

In general, the resources of the University of Maryland's Academic Support Unit are second to none among the nation's university athletic departments.

Maryland Broadcast Group

The Maryland Broadcast Group/JP Sports will once again bring Terrapin fans the most comprehensive coverage of Maryland Football with a 21 station network.

The flagship station of the network is 50,000 watt WMAL in Washington, D.C. WMAL will feed stations in three states all the Terps' action this fall. Saturdays begin with an insightful pregame show that includes in-depth analysis of both teams and interviews with coaches and players. The halftime show reviews first half action and features conversations with special guests. After the final gun, the postgame show wraps-up the day, including comments from Coach Krivak and a look at next week's opponent.

For the 12th consecutive season, the popular Johnny Holliday will serve as the "voice of the Terrapins". Holliday, WMAL radio personality, brings listeners closer to the game with his crisp play-by-play work.

Holliday is a multi-talented figure who is recognized nationally. Every morning, his sports updates can be heard on WMAL's highly-rated Harden and Weaver show. In addition, his reports travel across the country via the ABC Information Network.

Holliday's credentials also include hosting the WMAL stadium show before each Redskins game and announcing various sporting events for the Home Team Sports cable television network.

Despite his busy schedule, the versatile Holliday still finds time to participate in a variety of community activities for which he was once honored by Washingtonian Magazine as a "Washingtonian of the Year".

Johnny Holliday and Joe Krivak.
